

Long Island Sound Mentor-Teacher Workshop

Seine the Sound with Next Generation Science Standards

You will be able to:

Address Next Generation Science Standards

Teach at the beach - Apply science inquiry skills!
Connect your students, wherever they live, to their coastal environment.

Organize your own field study site at Long Island Sound.

Apply science concepts to improve test scores.

Excite and motivate your students to work as scientists!

Date/Time: Friday, September 26, 2014

8:45 am to 3:15 pm (Downpour will reschedule to Tuesday, September 30)

Location: Meigs Point, Hammonasset Beach State Park, Madison, CT

Who should attend: Grade 4-12 Teachers & Informal Science Educators

COST: ONLY \$10!

Contact: Donna Rand
drand@crec.org to register or to obtain more information
www.longislandsoundkids.wordpress.com
