collect public input on the update to the CCMP

A draft plan will be available in early September at
www.longislandsoundstudy.net/Planupdate

For more information and to register, visit www.longislandsoundstudy.net/Planupdate

*Did you know that the North Shore drains to Long Island Sound?
Long Island Sound is an estuary - where rivers meet the sea!*

*Take part in Long Island Sound Study's Update to the
Comprehensive Conservation and Management Plan*

Join us for the Long Island Sound Public Input Meeting to discuss the update to Long Island Sound Study's Comprehensive Conservation and Management Plan (CCMP), a plan to protect and restore Long Island Sound.

Larissa Graham

Residents will have the opportunity to provide comments and suggestions on the update to the CCMP, which is expected to be completed in early 2015. The updated CCMP will provide guidance for the Long Island Sound Study and its partners, including New York, Connecticut, and the Environmental Protection Agency, in restoration efforts for the next 20 years. The plan will include more than 100 actions to implement the CCMP.
