

New York Sea Grant and the Long Island Sound Study present:

Teach at the Beach!

A Long Island Sound Mentor Teacher Workshop
Designed for Elementary Educators (K-6)

In this hands-on workshop, you will be learning how to:

- Utilize Long Island's natural resources as an outdoor classroom.
- Provide students with an authentic purpose to their research through interdisciplinary instruction.
- Apply inquiry based techniques to teach ecological concepts to your students.
- Organize a field study in a wetland ecosystem.
- Explore the beach and the saltwater marshes.
- Empower your students to be an important part of their community.

All participants will receive 6 professional development hours and a starter kit that includes: Teacher Curriculum Resource Guides, field guides, picture books and equipment!
