

The Watershed Connection

Join Us!

This One-Day Workshop is designed for **science teachers Grades 4–9** and aligned with NYS Learning Standards.

Lunch Included!

Learn hands-on techniques for incorporating the outdoors into your classroom curriculum!

Activities will center around our local watershed, the Nissequogue River, which flows into an Estuary, and ultimately Long Island Sound.

Cost \$15

Participants will receive a “field bag” already packed with useful equipment and a curriculum guide so you’re always ready to go!

Practice using these tools along side experienced teachers and naturalists so you feel confident when you lead your own field-trip, whether in a Park or on the school grounds.

All participants receive 6 Professional Development Hours!

Dress for an outdoor hike.

Register by Monday May 2nd
