

Connecticut Sea Grant Sponsors:

Long Island Sound Mentor-Teacher Workshop

Seine the Sound with CT Science Standards

YOU CAN – YOU WILL-

Teach at the beach! Apply science inquiry skills!

Connect your students, wherever they live, to their coastal environment.

Have fun organizing a field study site at Long Island Sound.

Apply science concepts to improve test scores.

Excite your students! You'll be excited, too!

You'll take home amazing resources, including:

Teacher Curriculum Resource Guide, with ready-to-go lesson plans, field-tested and aligned to CT Science Standards, seine net, field guides, including a \$40 Field Guide to LIS, geology tools, and more!

**You'll address
Science Framework
inquiry & content
standards for
grades 5-12**

Date/Time: Friday, Sept 21, 2012 8:30am-3pm Plan ahead!
(Monday, Sept 24 downpour date)

Location: Meigs Point, Hammonasset Beach State Park,
Madison, CT

Who should attend: Grade 5-12 Teachers, Science
Teachers & Informal Science Educators

Cost: ONLY \$15!!! Snacks provided.

Contact: Donna Rand, drand@crec.org

to register, reserve your place, or obtain more information

The best hands-on workshop around!
