2020 LISS HRSWG Meeting Dates: Wednesday, June 10 (Port Jefferson, NY), Wednesday, September 9 (CT) and Wednesday, December 2 (NY)

The Long Island Sound Study is a cooperative Federal/state Management Conference researching and addressing the priority environmental problems of the Sound identified in the Comprehensive Conservation and Management Plan. The Habitat Restoration & Stewardship Workgroup is responsible for promoting the conservation, restoration, management, and appreciation of the LISS's priority coastal habitats, wildlife, and Stewardship Areas through an improved understanding of current threats and conservation priorities.
